CULTURAL ACTIVITIES: Burleson County Czech Heritage Museum, the Reeves-Womack Beseda House (National Registry of Historical Places), Kraitchar House Museum. Private teachers offer classes in dancing, art, music, choral, and gymnastics.

CALDWELL, TEXAS

Caldwell (population 3,449) County Seat of Burleson County (population 16,470) centers around a brick courthouse. Small shops, professional offices and service businesses line the town square.

The community was founded in 1830 and named after Matthew “Old Paint” Caldwell, veteran Indian fighter, Texas Ranger, and signer of the Texas Declaration of Independence.

Cotton was once king here. Oil and gas have also played an important part in the community’s development. Caldwell remains primarily a rural trade center for the surrounding farms and ranches, and a bedroom community for nearby SMSA’s. Citizens enjoy the best of both worlds, close to the greater Austin and Bryan-College Station areas with their cultural and recreational advantages, and yet content with the rolling green countryside near Lake Somerville amidst the trees, flowers, horse farms, and small-town lifestyle.

Industry is diversified. Major employers include Allied Precision (precision metal fabrication), Halliburton (oil service), Caldwell ISD, Wal-Mart, and City of Caldwell.

The residents are predominantly Czech. The Kolache Festival, an event celebrating Czech heritage, features the delicious fruit and meat-filled pastry of the Czech people. It is one of the many pleasant annual attractions, along with the Burleson County Fair. In addition, the residents enjoy hunting and fishing, golf at the greens of Copperas Hollow Country Club, horseback riding, the youth rodeo, historical highlights, and water sports on nearby Lake Somerville. Politics and church activities are integral parts of community life. There are 50 churches in the surrounding area. Caldwell has 3 financial institutions.

In addition to major highways, Caldwell serves two railroads and a municipal airport with a runway 3,252 feet long and 50 feet wide equipped with pilot controlled medium intensity lighting and PLASI. The automated weather observation system can be accessed on 118.350 or by phone (979 567-6784). UNICOM is 122.900; AVGAS (credit card only) and terminal building are available 24/7. The airport is located 1 ½ miles west of the courthouse off SH 21 West on Hull Street. Easterwood Airport at Bryan-College Station is 25 miles away and offers daily flights to Houston and Dallas/Fort Worth.

SOMERVILLE, TEXAS
Population 1,704 (2000 US Census)

Somerville began in 1880 when the Santa Fe railroad was being extended north from Brenham in Washington County, the higher land north of the Yegua Creek (approximately midway between Brenham and Caldwell) was designated as a new town site. The town was named for Albert Somerville, the first president of the Gulf, Colorado, and Santa Fe Railroad Company.

Somerville is home to the world's largest railroad tie treating plant. The Santa Fe Tie and Lumber Treating Plant was built in 1897 and was leased to the Texas Tie and Lumber Company until January 1905. In February 1906, Santa Fe Company resumed control and the plant has been in continuous operation since that date. In March 1995, Kopper's Industries purchased the plant.

Somerville is home to beautiful Lake Somerville, which affords guests a total of seven parks (four Corps of Engineers Parks, two State parks, one City-operated park) to choose from. Lake Somerville has 85 miles of shoreline, encompasses an area of 33,000 acres of land and water. Fishing, boating, water skiing, jet skiing, sail boating, swimming, hiking, and camping may be enjoyed. Lake Somerville attracts 1.5 to 2 million visitors annually.

ANNUAL EVENTS –An annual Bass Fishing Tournament is sponsored by the Lions Club (contact Justin Lewis 596-2150/596-1421 for more information). The Great Texas Sausage Festival was inaugurated in 2010. The Volunteer Fire Department also holds a barbeque and auction to raise needed funds in July.

MAJOR EMPLOYERS – Somerville ISD, Kopper Industries, Citizens State Bank, B&B Grocery Store, Rhodes Building Systems, City of Somerville, and Corps of Engineers.

SNOOK, TEXAS
Population 568 (2000 US Census)

Snook is located in the southeast section of Burleson County between College Station and Lake Somerville on Farm to Market Road 60. This small community was incorporated in 1972 and continues to thrive today.

Czech and German immigrants settled in the areas surrounding Snook around 1880 and established their own community including a church, school, and lodge just west of present-day downtown Snook. At that time the community was called “Sebesta’s Corner” or “Sebesta” after one of the early families.

During the 1890’s the community wished to establish a specific identity for their town and decided the best way to do this was to obtain a post office. There was already a post office in the nearby community of Dabney Hill. A law was in existence that precluded two post offices being within a certain number of miles of each other. Through the aid of John S. Snook, Postmaster at Caldwell, the Dabney Hill post office was relocated halfway between Sebesta’s Corner and Dabney Hill. The “new” post office was then name Snook, in recognition of the man who arranged the move. As time passed, the community began to cluster around the post office and nothing remains of the original settlement at “Sebesta’s Corner” one mile west.

ANNUAL EVENTS – Snook Fest is celebrated the first Saturday in June. This festival pays tribute to the strong agricultural base of the area highlighting a part of the agricultural industry each year. Families find activities for all ages. The Snook Volunteer Fire Department holds a barbeque and auction the fourth Sunday in August to raise funds for improvements of the Department.

MAJOR EMPLOYERS – Snook ISD, Slovacek Sausage Company

STATEWIDE INFORMATION:

AUTO TAGS: Courthouse – 567-2326 – Hours 9 a.m. – 5 p.m. weekdays. Persons moving to Texas from another State must register with the tag office when residence is established and begins employment. The cost of automobile registration is based upon the factory delivery price and number of years registered. In order to determine the cost of a license plate for an automobile being registered in Texas by a non-resident, the factory delivery price must be determined first. Since these prices vary greatly because of the many makes and models of automobiles, it will almost be necessary that the applicant contact the local motor license agent to determine the exact fees. **MUST HAVE PROOF OF INSURANCE.**

DRIVER'S LICENSES: Obtained by applying at the Caldwell Police Department/ Department of Public Safety Division, Examiner in Burleson County Courthouse. Examinations given: Tuesdays only 9 a.m. – 4 p.m.M. Applicants are advised to study the Highway Patrol Drivers' Handbook prior to taking the test as regulations vary from State to State. Age limit: minimum 15 years. **PROOF OF AUTO LIABILITY INSURANCE, SOCIAL SECURITY IDENTIFICATION, AND VOTER REGISTRATION REQUIRED.**

MOTOR VEHICLE INSPECTION: Required prior to the end of the month as shown on the sticker. Out of state stickers are good in Texas until expiration date shown on sticker. Licensed garages make inspections.

MARRIAGE LICENSES: Issued by the County Clerk, Courthouse, phone 567-2329.

REQUIREMENTS: PROOF OF AGE MUST BE PRESENTED.

FIREWORKS & FIREARMS: The use of fireworks is prohibited within the city limits. Firearms will not be sold to individuals under age 21 and individuals having a record of a felony. Firearms are prohibited in local, county, state, and federal buildings.

HISTORY

In 1925, a group of concerned citizen-leaders from the business, farming, and banking communities of the area formed the Burleson County Chamber of Commerce (changed in 1935 to Caldwell Chamber of Commerce).

“There hasn’t been a more poignant factor in the success of the county in the past 60 or 70 years than the Burleson County Chamber of Commerce—the strongest commercial organization of the county. The very first day it was organized, the officers sensed the needs of the county and began to cooperate in assisting proper development. Large sums have been expended annually for the past 6 years. The expense of the entire Fair has been paid by the organization.” October, 1931, local newspaper.

In the first 10 – 15 years of existence, the Chamber of Commerce had many low as well as high spots. Reorganization was needed on many occasions—sometimes yearly. In spite of the temporary setbacks, those citizens who could be classified as pillars of the community continued to work for the betterment of Burleson County and Caldwell. From the January 28, 1937 newspaper this excerpt exemplifies the cooperation of citizens and business people in the formation and operation of the Chamber of Commerce. “Only two business houses refuse to become members.”

Throughout the years, most of the efforts of the organization and its members have been on recurring problems and projects. Whether working on projects concerning roads, community or civic improvement, farm or agriculture and industrial problems, the Chamber of Commerce has made its impact felt. In 1960-61, the Chamber of Commerce furnished the impetus and the leadership for the organization of the Burleson County Industrial Foundation.

In 1984, the Chamber of Commerce organized a special events sub-committee; the Kolache Festival Steering Committee. Today the committee produces one of the three major annual Festivals—THE KOLACHE FESTIVAL—within the State of Texas drawing crowds ten times the local population on the second Saturday in September.

In June 1998 the elected directors of the Caldwell Chamber of Commerce and the Somerville Chamber of Commerce voted to combine the two chambers into one organization to be named the Burleson County Chamber of Commerce. A quorum was present. The unanimous vote was in the affirmative for dissolution of the Somerville Chamber of Commerce and to amend the Articles of Incorporation of the Caldwell Chamber of Commerce to reflect the merger. A unanimous vote for changing the Articles of Incorporation of the Caldwell Chamber of Commerce to the Burleson County

Chamber of Commerce was recorded. The directors passed a resolution, which was subsequently mailed to the general membership (224) with a return envelope. Returns were tallied and the membership voted 96% in favor of the merger and name change through an amendment to the Articles of Incorporation.

The impact of the Chamber of Commerce on the economy of Caldwell and Burleson County cannot be measured, but it is one of the most significant achievements of the citizens for the betterment of the area.

WHAT DOES THE CHAMBER DO FOR YOUR BUSINESS?

THE CHAMBER...

1. Maintains a staffed full-time office to promote the area and your business
2. Annually answers over 14,000+ inquiries about everything from service providers, product availability to housing needs
3. Coordinates special events, like the Kolache Festival that brings thousands of people to the area resulting in a great economic impact
4. Provides local access media via Chamber Channel 12 to over 1500 households within the City Limits. Chamber Channel12 offers a unique low cost advertising opportunity for your business with proven results
5. Promotes tourism, books, bus tours, and recruits visitors. Tourism dollars are spent and re-spent. The resulting multiplier effect assures that everyone in the community benefits from this effort
6. Keeps the community informed on timely legislative issues, and works with elected State and Federal representatives for the betterment of the region
7. Is the repository of information on demographics, history, statistics, laws, codes, business information, permitting, funding, etc. If you need help in your business, call the Chamber for assistance
8. Offers job training, volunteer work site, and a connecting point for businesses seeking new workers
9. Helps to create jobs! Works as a partner with Burleson County and the Industrial Foundation to expand, recruit, and retain jobs

10. Is connected to the world-wide web. The Chamber maintains the web site on Caldwell, Somerville, and the Kolache Festival
11. Is an incubator for business. Need a fax machine, a copier, a typewriter, or a temporary location? Chamber members are offered these services in addition to the use of the conference room
12. Publishes a monthly newsletter to keep the membership informed
13. Publishes city and county maps to distribute worldwide
14. Has over 20 active committees working to make Burleson County a better place to live, work and play
15. Has a business and education coalition that works to provide future jobs for local graduates, collectively solve problems and has help to develop a regional workforce.
16. Markets a calendar of countywide events to state wide media, and keeps a community calendar to avoid conflicts in scheduling of functions
17. Networks with state and federal agencies to remain eligible for special funding for local projects and needs
18. Provides networking opportunities for your business through timely workshops on business topics and receptions and business after hours events
19. Accesses and addresses the needs of the county as identified in an annual strategic plan
20. Is the BEST membership buy for your business! Categories of membership are:
Ambassador - \$1000 (automatic seat on the Board of Directors). Business 1-5 employees - \$150; Business 6-10 employees - \$250; Business 11-20 employees - \$350; Business 21 + employees - \$400; Non-Profit Membership - \$150; Individual, Friend/Associate \$50. Two part time employees equal 1 full time. Second business with same owner is ½ price. For more information on membership application contact the Chamber Office at 567-0000.
